

## **INTERNATIONAL SOCIETY FOR ZINC BIOLOGY**

### **2009 Meeting of the Society, Jerusalem**

March 1, 2009

Dear Colleagues,

We are proud to announce the ISZB 2009 Meeting, which will take place in Jerusalem on December 1-6, 2009. The conference will be hosted in the Mishkanot Sha'ananim Conference center, housed in a famous historical building dating to 1860 and overlooking the Tower of David and the Old City walls. This meeting is expected to provide a pleasant venue for international scientific networking, and exchange of ideas in the rapidly growing field of zinc in biology. The framework, lectures and poster sessions will enable students and experts to interact and present their work.

We look forward to your attending the ISZB 2009 meeting, which will offer a fruitful scientific program and enjoyable social events. Jerusalem, the capital of Israel, is an exciting city with a rich history spanning 3000 years. The city's unique atmosphere and magnificent sites will provide attendees with an unforgettable experience.

Israel Sekler, Chair Local Organizing Committee

Elias Aizenman, Chair ISZB Meetings Committee
