January 21, 2010

Dear Members of the International Society for Zinc Biology,

The purpose of this letter is to solicit proposals for the 2011 meeting to be held in South/East Asia or Australia. If you are willing to host the next meeting please send us a proposal (PDF or Word file) by May 1, 2010. Kindly provide information on estimated costs and the availability of proper facilities to support this next meeting (meeting venue, hotels, airfare from major cities, and local transportation costs), as well as some estimate of the relative expense of the proposed site. Attached are two of the proposals that were submitted for our 2009 meeting, which can serve as a guide during preparation.

Please feel free to contact Dr. Stephen Lippard (lippard@MIT.EDU), Chair of the Meeting Committee, with any questions and e-mail proposals to him also. You are also welcome to contact former chairs of former ISZB meetings for advice. Proposals will be initially reviewed by the Meeting Committee and Board. Ultimately, the site of our next meeting will be chosen by a vote of the members of the ISZB.

We look forward to hearing from you.

The ISZB 2011 Meeting Committee:

Stephen Lippard, Chair
Elias Aizenman
Michal Hershfinkel
Israel Sekler
John Weiss

Encl.
